### Message from the Organizing Chair

I welcome all to the 2<sup>nd</sup> National Conference on Advancement and Future Trends in VLSI Design (NCVD'14), being held on 26<sup>th</sup> of September, 2014 in the Department of Electronics and Communication Engineering, Kalasalingam University. One of the prestigious educational hub of Southern Tamil Nadu, located at the foothills of the Western Ghats in rural setting of Virudhunagar District.

India's prominence in the electronics world has been steadily increasing over the years. Bodies like the VLSI Society of India (VSI) and India Semiconductor Association (ISA) have brought in focus on bringing visibility and enhancing the talent pool for the electronics sector. Concurrently, electronics has become more pervasive in sectors like automotive, medical and industrial, to name a few. All of these augur well for an electronics ecosystem in India that is growing and this opens up tremendous opportunities for every stakeholder, from talented individuals in the industry to academics and students.

As a premier, must-attend annual technical gathering for the past quarter of a century, the conference is a successful event facilitating industry-academia interaction in the field of VLSI design and embedded systems. This conference continues to offer outstanding technical papers, enriching and in-depth tutorials, industry forum facilitating inter-industry interaction and a wide range of exhibits by strata of the industry.

We sincerely thank all sponsors, exhibitors for aptly recognizing the value that the conference will bring to them as well as to the overall ecosystem. The organization of this event has been extremely exciting to the conference committee, organizing team and its great set of volunteers. I thank all stakeholders for their contributions – designing a solid technical program, organizing the logistics and event management, raising awareness in the community.

I look forward to see you all participate in this exciting and enriching experience. Finally, a very warm welcome to Kalasalingam University (KLU).

Yours sincerely,

*Sivakumar P*

Organizing Secretary, NCVD'14
